### TESTIMONIALS

"I've been using Document Plus in my office for 6 years. It is unquestionably one of the best things I have done in my practice. It has been the catalyst for our practice becoming more streamlined and has been directly responsible for a significant reduction in human error and employee man hours. I highly recommend it."

- Dr. John S. Parker  
Irving, TX

The Document Plus EMR system made it easier when 50 new patients were referred to my office from a pain clinic in a single day. Thanks to your system and the quality of reports we send out, patients, attorneys, and medical doctors all refer.

- Dr. Royce Jones  
Gadsden, AL

**NOTE:** With Document Plus you can generate clinically correct, professionally formatted narratives to physicians, insurance companies, and attorneys. There is a great chance that you will begin to receive referrals from sending out these reports.
